Teachers write about AliceNine Grammar . . .

"I really like the many ways of approaching instruction. Instead of the teacher 'lecturing,' students are engaged in learning. My students enjoy the sentence puppets."

"I am amazed at how 'simple' teaching grammar is when it is presented systematically and practiced consistently."

" . . . such a logical approach to grammar."

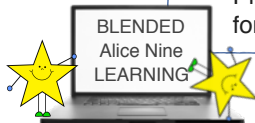

"Alice Nine rocks! Her grammar is incredible."

Alice Nine knows more about teaching grammar than anyone I know. And she understands how it connects to writing."

I read Alice Nine's **JCWrite Teacher's Guide** from cover to cover over Thanksgiving break. It was absolutely wonderful. Facts that had been confused and muddled in my head for years became organized into neat, logical groups in the matter of a few days. It was like cleaning out the attic!
Thank you so much! -Sherilyn W.
